

Dear Speech and Language Student,

You've been working hard all year,

The last days of school are drawing near.

We celebrate the month of May,

By teaching others to practice safe hearing,

And how to communicate what they want to say.

Better Hearing, Better Speech---

Keep practicing all summer,

At home and on vacation at the beach!

I hope you enjoy these special cookies,

Be proud of your progress and success,

Wishing you good speech and language all year through,

Nothing more and nothing less!

Best Wishes, Your Speech Therapist
